

Junior Research Analyst

Established in 1997 by Susan Kenyon, Ask has now become one of Yorkshire's leading independent suppliers of strategic marketing & market research to many international private sector & UK based public sector organisations. Our aim is to help Clients make effective use of market research, intelligence & insight, which in turn helps them formulate marketing strategies with integrity.

Our team is made up of strategic marketers, research consultants & associates and a multi-lingual field team who are supported by a continuous investment into leading edge technologies, making Ask one of the most capable marketing and market research agencies in the UK.

We are now seeking a recent Graduate from a marketing, business/IT discipline to support the research function.

- * First rate Excel, SPSS skills
- * Marketing, business or IT Graduate
- * First rate statistical analysis skills
- * Excellent attention to details
- * Client focused
- * Team focused
- * A strong opinion on good research and the confidence to input into data analysis

The ideal candidate will be proactive, self-motivated and a great team worker. A keen and demonstrable interest would be preferred, with a good analytical and interpretative ability.

The candidate must be a confident and capable individual with exceptional interpersonal and communication skills, who is able to work with minimum supervision, and who is committed to producing high quality work

Excellent working conditions in a small strategic agency.
