

IT & TELEPHONY IT HARDWARE & SOFTWARE SUPPLY

The Media Centre offer an extensive hardware and software supply service, holding corporate accounts with some of the UK's largest suppliers, allowing us to procure quality hardware and software at discounted cost, in turn passing these savings back to our clients. Whether your requirements are for basic PC, Laptops and printers to more complex servers and tailored hardware software solutions, we're happy to help where possible.

Our supply service is adapted to the individual client, from simple supply only, to a fully managed solution delivery. We also offer a small scale equipment disposal enabling compliance with European environmental (WEEE) legislation.

If you would like to discuss your IT hardware and software requirements further or would like to place an order please contact a member of our IT team on:
